PROFESSIONAL SUMMARY

Full Stack Developer and Computer Science student with hands-on experience in building responsive web applications using the MERN stack. Proficient in JavaScript, C++, Python, and SQL, with a strong focus on writing clean code and solving complex technical problems. Eager to contribute technical expertise to a collaborative team while continuously improving full-stack capabilities.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), C++, Python, SQL
Frontend: React.js, HTML5, CSS3, DOM Manipulation, Responsive Design
Backend: Node.js, Express.js, RESTful APIs
Databases: MongoDB, MySQL, PostgreSQL
Tools: Git, GitHub, VS Code, Vercel, MS Excel (VLOOKUP, Pivot Tables)

PROJECTS

GeniusCV – AI Resume Builder [Live Link](#)

- Developed a full-stack resume builder using the MERN stack, enabling users to generate professional resumes without mandatory registration.
- Implemented a live preview feature using React.js to provide real-time visual feedback during the editing process.
- Optimized PDF generation logic and implemented responsive design principles for seamless mobile accessibility.
- Managed version control via Git and successfully deployed the application on Vercel.

College Event Management System [Live Link](#)

- Architected a centralized platform to manage and showcase college workshops, hackathons, and cultural events.
- Developed secure registration flows and dynamic interface components using Node.js and backend business logic.
- Designed mobile-friendly layouts utilizing CSS Flexbox and Grid to ensure optimal usability across various devices.
- Managed the full software development lifecycle (SDLC), from initial UI/UX design to final public deployment.

EDUCATION

Bachelor of Technology in Computer Science & Engineering

2023 – 2027

Chameli Devi Group of Institutions, Indore

CERTIFICATIONS & ACHIEVEMENTS

- **AWS Academy Graduate:** Cloud Foundations Certification.
- **SQL Fundamentals:** Comprehensive training in relational database management and schema design.
- **Microsoft Excel:** Advanced certification focused on data management and analytical tools.
- **Public Speaking:** Active participant in technical debate forums and professional communication exercises.
